"FIGHTING JOE" WHEELER

THE HERO OF TWO WARS IS IN
HONOLULU.

Soldier-like He goes to the Philippines for Whatever Service He is assigned to—Likes Honolulu.

"I am delighted to be in Honolulu, the Paradise of the Pacific," said General Joseph Wheeler, "Fighting Joe," on board the Tartar this morning, and anticipate a very pleasant stay here which I regret to be of such short duration. We have with us two battalions of the 19th Infantry, made up of companies of 128 men each, under the last army regulations. They are the only companies recruited up to that limit and will give a full regimental quota of 1800 men."

General Wheeler is the same pleasant and unassuming man of daring deeds, the hero of two wars, who is known so well through the newspapers. "I have no idea to what particular duty I will be assigned in the Philippines," continued General Wheeler in reply to a question on that point. "I am merely ordered to report to General Otis and will receive my assignment from him. I was anxious to see service in the Philippines and am certainly glad that I am now on my way to our distant possessions."

"It is strange, isn't it, how I, an ex-Confederate officer should be in service in the United States army," he said when that matter was suggested. "But it is good that it is so. It is the logical change that time brought around. Oh, yes! the Southerners showed a splendid spirit in the late war and I am sure it is highly pleasing to the old veterans that it is so."

"I can not see how we can do otherwise than retain possession of the Philippines. Yet there is a fast growing vision of sentiment in the United States on that question. It is probably the outgrowth of political manipulation. We will have to keep the Philippines; I see no alternative policy."

The general does not know how long he will remain in the Philippines, but his wife and daughter he started out on this purpose this morning.

GERMANIA LIFE.

The many policy holders in Honolulu will read with interest the financial statement published in this issue of the reliable Germania Life Insurance Company. The comparison made of the assets of the company to each \$1000 of insurance in force, with other leading companies, show that the Germania is ahead, with \$229 assets for each \$1000 insurance. This is a remarkable showing and while a few companies exceed it in size, the Germania holds first place in point of financial strength.

Emmet May is manager of this company with offices in the Judt building, and he will be pleased to further explain its merits to any one contemplating taking out a policy of life insurance.

Civil Government for the Country.
Provisional Government for Negros.
Tropical Rains.

NEW YORK, July 26.—A civil governor of first class executive ability will be appointed for the Philippines. Otis may not be recalled, but the civil governor will be given much of the authority he now exercises.

As for Cuba, the President has entire confidence in General Brooke, now in command, but the brilliant success of General Leonard Wood at Santiago makes it probable that he will succeed Brooke as supreme authority in Cuba.

NEW YORK, July 25.—A Sun's cable from Manila says: Pending Congressional action on a constitution for the government of the inhabitants of Negros, which has been submitted to President McKinley, General Otis today proclaimed a provisional government. This is to be under the direction of a military governor to be named by the Governor of the Philippines, with a civil governor and advisory council to be elected. Barcelo will be the capital.

NEW YORK, July 21.—A cable to the Sun dated Manila, July 21, 6:30 p. m., says: Thieves have been practically the sole cause of the recent trouble in the island of Negros. They haunted the mountains, which are difficult to access, and would thence swoop down on the villages and haciendas to pillage, burn and murder. The attack made upon them by the battalion of the Sixth Infantry, under Captain Byrne, was a complete success and surprise, and the brigands were completely whipped in spite of their courageous defense.

MANILA, July 21.—5:45 p. m.—The unprecedented rains of the last week have convinced observers here that military operations on a large scale or advances covering many miles will be impossible for some time. Many miles of country are flooded to a depth of three or four feet.

NEW YORK, July 24.—A Journal cable from Hongkong says: Isabelo Artacho, a rival of Aguinaldo and leader in northern Luzon, who escaped from a prison in Manila, had been thrown overboard and reached Hongkong, has issued a manifesto calling on the people of his province to lay down their arms and support the United States. This action may be the beginning of internal dissensions among the rebels that will end the war.

MANILA, July 25.—6:15 p. m.—A Filipino priest named Gregorio Agrupay, with the insurgents, is trying to lead a movement for the independence of the church in the Philippines from the Spanish priesthood. The Archbishop of the district has issued a proclamation declaring himself Vicar-General of all the Filipino priests in the districts outside of American control on the island of Luzon and is inciting the priests to disobey the regulations of the church and brotherhoods. The Archbishop of the district has issued a bull excommunicating Agrupay, and this action has increased the feeling between the Filipinos and the church.

The Archbishop threatened to excommunicate the owners of Spanish papers publishing announcements of Protestant and Masonic meetings, whereupon an American paper warned him that he might be bundled out of the island like any disturber of the peace if he should incite religious animosity.

The Dominicans have begun the publication of a newspaper under the title of the Libertas, for the purpose of defending the brotherhood.

MR. CECIL RHODES TAKES WATER

During the speech to the shareholders of the Chartered Company, Mr. Rhodes' voice was affected by his cold. One of his brother directors handed him a glass of water. INTOLERABLE CENSORSHIP

CORRESPONDENTS IN MANILA
UNITE.

Seek Relief From Otis and Failing in That Send a "Round Robin" Protest to America.

NEW YORK, July 17.—Eleven staff correspondents in the Philippines, representing the Associated Press and the leading American papers, have united in the following cable from Hong Kong, regarding what they call the intolerable censorship.

"The undersigned, being all staff correspondents of American newspapers stationed at Manila, unite in the following statement:
"We believe that from official dispatches made public in Washington the people of the United States have not received a correct impression of the situation in the Philippines, but that these dispatches have presented an ultra optimistic view that is not shared by the general officers in the field. We believe that the dispatches incorrectly represent the existing conditions among the Philippines in respect to dissension and demoralization, resulting from the American campaign and to the brigand character of their army."

"We believe the dispatches err in the declaration that the situation is well in hand, and the assumption that the insurrection can be speedily ended without a greatly increased force."

"We think the tenacity of the Filipino purpose has been underestimated and that the statements are unfounded that volunteers are willing to engage in further service."

"The censorship has compelled us to participate in this misrepresentation by extending or altering uncontroverted statements of facts on the plea, as General Otis stated, that they would alarm the people at home, or have the people of the United States by the nose."

"Specifications: Prohibition of hospital reports; suppression of full reports of field operations in the event of failure; numbers of heat prostrations; lack of systematic maintenance of naval operations and suppression of complete reports of the situation."

Otis offered to improve the conditions of the censorship and appoint a new censor, but the correspondents explained that their complaint was against the system, not against the censor. Otis asked the correspondents to submit changes in the system which they deemed essential. The correspondents asked permission to report, first all of the facts, and second, all of the phases of the situation, both of which had heretofore been impossible.

General Otis nominally granted the desired reforms. He modified his concessions, however, so that there was slight advantage from the changes. Activity at the front delayed a settlement of the matter and Otis' illness caused a further delay. A final meeting of the correspondents was held today and Otis was informed that the foregoing message would be sent to Hongkong.

WASHINGTON, July 21.—The War Department has issued a statement quoting certain dispatches from General Otis, in answer to the press correspondents' "round robin."

"General Otis, in a dispatch under date of July 20th, says that the press correspondents demand permission to submit that official reports sent misrepresentations. This was denied. They then demanded the privilege to send, without reservation, facts found by them and their opinion. This was granted, if public interests were not imperiled, the answer was not satisfactory and they therefore sent by mail to Hongkong."

"General Otis says he is not conscious of sending misrepresentations, but thinks that his dispatches at times have been misinterpreted. The press affair appeared to be a threat. When correspondents were asked to state wherein General Otis' dispatches were misleading they offered nothing tangible except that his conclusions were unwarranted. When told that they were disregarding military authority it was apparent that they courted martyrdom, which it was unwise to give them."

In a later dispatch General Otis says that the charges made by the press correspondents are untrue. He adds that the most harmonious relations exist between the Army and the Navy."

RECOMMENDED FOR CHOLERA MORBUS.

"During the hot weather last summer I had a severe attack of cholera morbus, which official reports sent misrepresentations. This was denied. They then demanded the privilege to send, without reservation, facts found by them and their opinion. This was granted, if public interests were not imperiled, the answer was not satisfactory and they therefore sent by mail to Hongkong."

LA NINFA IS ON THE REEF

WAS WRECKED YESTERDAY OFF
BARBER'S POINT.

Was Coming From Hanauli With a Cargo of Paddy—Had Eleven Souls Aboard—May Save Cargo.

The topmast schooner La Ninfa is on the reef off Barber's Point, where a hundred years ago, Captain Barber, whose name was given to the point, was wrecked.

The La Ninfa lies one mile off the beach and three miles westward of Pearl Harbor, just out from Ewa plantation. The vessel has only eight feet of water under the bow and draws ten feet. Her keel is gone and, although not yet stove in, she is leaking badly. She has a cargo of about 3,500 bags of paddy consigned to Hyman Bros, which is insured with John Walker. If her cargo can be taken off she can probably be saved. It is hardly likely, however, that the cargo can be saved.

The La Ninfa was bound from Hanauli to Honolulu. In taking in off Barber's Point the vessel got in too close and found herself on the sand bar. This happened about 5 o'clock yesterday afternoon. She ran on to the bar head on, and immediately swung around to port.

There was aboard the La Ninfa five Japanese and three white men in the crew and two passengers, Mr. Johnson and a Chinaman. The Japanese sighted the La Ninfa soon after the wreck, and sent a boat out with water and provisions. The captain and mate came in to port this morning at 9 o'clock and reported the wreck to the authorities. The ship was sent out to her later, carrying Captain Hansen back to his vessel where he remains in charge.

The La Ninfa came to Hilo some months ago with a load of lumber from the Sound and then entered the Island coasting trade. She made two trips to Alaska before coming here. She is now owned by John H. Wilson and is valued at \$6000.

ANOTHER TRANSPORT HERE.

The Tartar Arrives With the Nineteenth Infantry.

The U. S. transport, Tartar, Henry Pybus master, and General Joseph W. Wheeler, commanding, arrived this morning on its way to Manila. She has aboard 1,163 men and 43 officers, most of whom make up the 1st and 2nd battalions of the 19th regulars.

The following is a list of the military officers aboard: Capt. Glen Joseph W. Wheeler, Col. Snyder, 19th Infantry; Col. Miller, Quarter Masters department to relieve Col. Pope; Major Downey, paymaster; Capt. McIntyre, adjutant and Capt. Foster, quarter master of the 19th; Capt. Hutchings, commissary U. S. V.; Capt. N. E. Horton, quartermaster, U. S. V.; Capt. Bralton, assistant surgeon; Chaplain Sutcliffe, U. S. A.; Major Leece and Captains E. D. Smith, E. J. Lawton, Hamilton, Tyler, Rowan, Evans, of the 19th; Lieutenants, L. S. Hunt, E. Croft, Roney, Little and F. G. Lawton, Roach, Valentine, Helms, L. S. Bond, Freeman, Plesius, Watson, G. A. Hadsell, French, Stacey, Cecil, Bradford and Campbell of the 19th; Lieut. Holmes, of the 6th aide camp to Gen. Wheeler; Lieut. Le Noir, signal corps; Lieutenant Weeks and Young, of the 6th, Purvoyance of the 4th, Cassell of the 7th Artillery; and Lieutenants McPherson and Hutton, acting assistant surgeons.

The following ladies are also aboard: Miss Annie Wheeler who will act as nurse, Mrs. Miller, wife of Col. Miller, Mrs. Lynch, wife of Col. Lynch now in the Philippines, Mrs. Bundy, wife of Col. Bundy, the sister of General Otis in the Philippines and Miss Russ, sister of Mrs. Lynch. There are also aboard Master Lynch, son of Col. Lynch, Mr. Garnett, secretary to Gen. Wheeler, Messrs. Hutton, Clark, Peterson, Hamilton, Butler and Tupper, clerks in the quartermaster department.

The following are the deck officers of the Tartar: H. Pybus, master, J. H. Davis, chief officer, F. W. McLaughlin, 2nd; H. Collier, ex 2nd; W. B. Baker, 3rd; M. W. Byrne, chief engineer; Campbell Davidson, M. D., surgeon; A. S. Bourne, purser; and Mrs. Clay, stewardess.

The Tartar has just been chartered as a transport from the Canadian Pacific Railway Company for six months, this being her first trip in the government's service. She formerly made regular runs from Vancouver to Chinese and Japanese ports and passed through Honolulu last Christmas in making that run. She is of 4,425 gross tonnage and built in 1895.

The Chinese employed on the Tartar demanded double pay for the trip to Manila a few days before the vessel sailed from San Francisco and it was refused, mutilated. They were brought to their duty by a threat of prosecution for mutiny.

INCREASE ATTENDANCE.

The interest in the Orpheum keeps up and full houses during every evening of the week is now the rule. The excellent program now running is responsible for this increased attendance. Post and Marion can always be depended upon for the funny parts, and Boggs and Haeward the sentimental. The new contralto singer Ethel Dixon is a drawing card, and the Salvinis assisted by the Hartwell sisters are always entertaining. Troitert introduced new feats in magic each evening. Taken together this company of actors make a strong combination of talent and Honolulu is more fortunate than many of the large cities in the States.

Alexander's History of the Hawaiian Islands, from their discovery to the present time. The only work covering this ground. For sale only by the Golden Rule Bazaar, 316 Fort street. Price \$1.50.

MORE OF THEM USED.

There are probably more Singer sewing machines used in the United States than of any other one make. This is a very excellent guarantee that they are one of the very best machines. The points of merit are strength, durability, easy running and simple construction. Very little mechanism to get out of order makes repair bills small. When in need of a new sewing machine examine the Singer before purchasing any other make. B. Berger, agent, Bethel street.

UNIVERSITY FIELD SPORTS

VALE-HARVARD LOSE BY ONE
EVENT.

Burke, Harvard's Star Performer in Bad Form—Cambridge and Oxford Win—Great Crowd, Great Contest.

LONDON, July 22.—After nearly three hours of such intense excitement as has seldom been known at an athletic meeting, during which the final outcome was always in doubt, representatives of Oxford and Cambridge at last won the coveted oval event in the great international track and field sports at Queen's Club this afternoon. As had been predicted by nearly all experts, the victory was secured by the winners of an odd event alone. The Americans showed up to their best form in all the events but one, and tonight have nothing to complain of either in regard to the manner in which the games were conducted or in respect to the effect which the English climate had upon their condition. Burke, the star performer of the Harvard team, was far from being in shape and collapsed in the half-mile race, but with this one exception the Harvard-Yale men in every instance did all that could have been expected of them.

From a spectacular standpoint the meeting could hardly have been surpassed. First the wearers of the dark blue of Oxford and the light blue of Cambridge and then the American university men were in the lead. When the last event was called each side had four wins to its credit and the sensational race which decided the day will never be forgotten by those who were present.

Long jump—Won by G. C. Vassel (Oxford), C. D. Daly (Harvard) second, F. D. Roche (Harvard) third, L. R. O. Boyan (Cambridge) fourth.

Hammer throwing contest—Won by W. A. Boul (Harvard), Holcomb J. Brown (Harvard) second, J. D. Green-shield (Oxford) third. Threw 136 feet 2 1/2 inches. Brown 122 feet 9 inches, Greenshield 106 feet 6 inches.

100 yard dash—Won by Quinlan (Harvard), C. R. Thomas (Oxford) second, F. A. Blunt (Yale) third, A. L. Hind (Cambridge) fourth. Winner's time, 19.

Half-mile run—Won by H. E. Graham (Cambridge), C. F. W. Strachan (Cambridge) second, J. P. Adams (Yale) third, T. E. Burke (Harvard) fourth. Time, 1:57 1/5. Graham won by twelve yards.

Quarter-mile run—Won by C. G. Davidson (Cambridge), D. E. Boardman (Yale) second, T. R. Fisher (Yale) third, A. M. Hollins (Oxford) fourth. Time, 4:25. Davidson won by five yards.

High jump—Won by A. N. Rice (Harvard). Rice cleared 6 feet; C. M. Roche (Harvard), was out at 5 feet 11 inches.

Three-mile run—Won by H. W. Workman (Cambridge), C. K. Palmer (Yale) second. The others did not finish. Time, 15 minutes, 24 1/2 seconds.

EARTHQUAKE AND TIDAL WAVE. SAN FRANCISCO, July 23.—An earthquake or series of earthquakes felt all over the state of California occurred yesterday about noon. Simultaneously there was a tidal wave in
